

Lung Cancer Screening

Make the first move against lung cancer, because early detection saves lives.

If you're an individual between 50 to 80 years old that smokes regularly, or has a prior history of smoking for an extended period of time, then we recommend this screening. As with all forms of cancer, early detection represents the best chance for treatment and recovery.

Lung Cancer Screening

RM500

Operational Hours

Monday - Friday: 7.30am - 5.00pm
Saturday: 7.30am - 1.00pm
Sunday & Public Holiday: Closed
